INTRODUCTION

Subject: Dedicated content & digital growth partnership

Dear Doctor,

Beyak Branding is a Chattogram-based content house dedicated to building powerful, trustworthy digital identities for professionals and businesses. We specialize in turning everyday presence into lasting impressions — through consistent content, compelling visuals, and strategic online management.

We already work with several well-established doctors across Chattogram. This proposal outlines how we can become your dedicated content and digital growth partner — managing your online presence with the same precision and care you bring to your practice.

Our belief: A patient trusts a doctor faster when they can see the doctor's expertise, credibility, and care — before ever stepping into the chamber.

Sincerely,

Beyak Branding

SECTION 1

WHY YOUR DIGITAL PRESENCE MATTERS NOW

Most patients research a doctor online before booking. Your page is the modern waiting-room first impression.

1. AWARENESS

Target: Someone searching or referred

A patient searches “best skin specialist in Chattogram” — or hears your name from a friend — and looks you up online.

2. VERIFICATION

Target: Facebook, Instagram, Google

They check your page, Google Business Profile, ratings, and recent posts to judge credibility.

3. TRUST-BUILDING

Target: The patient who is still unsure

Educational videos, patient-friendly explanations, and a clean, active profile reassure them you are knowledgeable and approachable.

4. DECISION

Target: Choosing between two doctors

A polished, active presence tips the decision in your favor over a competing doctor with a weak or inactive profile.

If this journey is left unmanaged, even the most skilled doctor can lose patients to someone with a stronger online image. Beyak Branding exists to make sure that never happens to you.

SECTION 2

WHAT WE WILL DO FOR YOU

A complete, done-for-you brand management package — four pillars designed to build awareness, trust, and long-term patient confidence.

1. PAGE MAINTENANCE & MANAGEMENT

Consistent presence builds consistent trust

Scheduled Facebook & Instagram posts (education, tips, behind-the-scenes), a content calendar around health days and seasonal concerns, community replies, and monthly reporting on reach, engagement, and growth.

2. VIDEO SHOOT & EDIT

Patients trust a face and a voice more than a photo

On-site chamber/hospital shoots, a short doctor-introduction film, “Ask the Doctor” Reels/Shorts, consent-based testimonials, plus cinematic editing, subtitles, and branding overlays.

3. STATIC DESIGN

Every visual is a silent introduction to your practice

Branded social posts, schedule cards, appointment banners, festival creatives, and a consistent visual identity — with print-ready pads, standees, or signage on request.

4. GOOGLE MY BUSINESS (GMB)

Where “near me” searches turn into real appointments

Profile setup and optimization, regular GMB posts, review generation with professional replies, and local SEO so you rank higher for searches like “doctor near me.”

SECTION 3

WHAT THIS MEANS FOR YOUR PRACTICE

Brand-building is not overnight — it is a compounding investment. Here is how consistent content translates into outcomes over time.

1–3 MONTHS

SHORT TERM

- Clean, professional, active presence across platforms
- More visibility when patients search for you
- A recognizable visual identity for your practice

3–6 MONTHS

MID TERM

- Growing name recognition in Chattogram
- Higher engagement and organic reach
- Stronger Google Maps ranking for walk-ins

6+ MONTHS

LONG TERM

- **Trust** — patients arrive already confident; less hesitation and fewer no-shows
- **Loyalty** — existing patients stay connected, return, and refer others
- **Authority** — you become a go-to name in your specialty, not just another listing

Our goal isn't just more followers — it's more patients walking into your chamber with confidence, because they already trust you before they arrive.

SECTION 4

WHY BEYAK BRANDING

One dedicated team — so you do not juggle freelancers while running a chamber.

1. PROVEN EXPERIENCE WITH DOCTORS

For: Healthcare practices in Chattogram

We already work with reputed doctors across the city, so we understand what works in medical branding.

4. SINGLE POINT OF ACCOUNTABILITY

For: Busy chamber schedules

For: What actually brings patients

Monthly tracking, then we refine the strategy based on what genuinely resonates with your audience.
