

MAESTRO

For your chamber practice

PRODUCT PROPOSAL

Your chamber — clearer serials, a waiting-room screen that matches your sittings, and a portfolio site that already feels like you.

MAESTRO

YOUR CHAMBER WITH CHAMBERQ

Your chamber days fill up fast — families call for serials, the waiting area gets loud, and you spend energy on the queue instead of the consult.

ChamberQ is built for that: clearer serials, one calm board per sitting, and a portfolio site under your name.

1. PORTFOLIO WEBSITE UNDER YOUR NAME

Credentials, chambers, FAQ, and Book — so families find **you**, not a hospital template. We set up the first version; you edit when you want.

2. ONLINE SERIAL BOOKING

Patients book a sitting and get a ticket link — no app, no password. Walk-ins and phone serials stay in the same queue.

3. TICKET + WAITING-ROOM TV

Live position on the phone; one outdoor screen per sitting calls the next numbers aloud.

4. CONSULT SCREEN

Notes, vitals, medicines, and follow-up in one place. Your favourites are remembered; records stay under your name.

5. PRESCRIPTION PRINT / WHATSAPP HOME

Print a slip or send a short link on WhatsApp — medicines and advice for the family; diagnosis stays in your consult record.

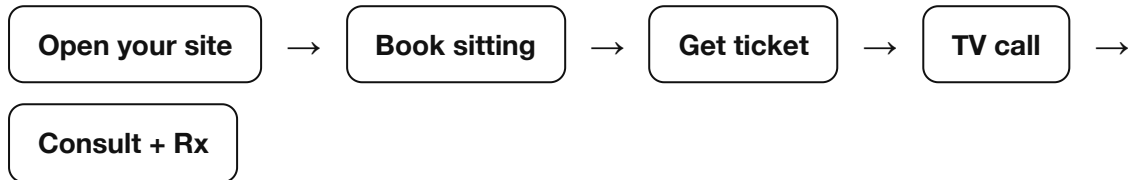

MAESTRO

A DAY AT YOUR CHAMBER

One doctor, up to five chambers — same flow every sitting. Patients book or walk in; you run one sitting at a time from your desk.

PATIENT PATH

From the family's phone — no sign-up, just their mobile number.

They can share the ticket, check live position, and get a notice if you mark the day late — without you repeating the same update at the desk.

AT YOUR DESK

Live Queue Control — one screen for the whole sitting.

Staff can help with arrivals and the outdoor TV without seeing clinical notes. Switch sitting when you move chamber — the queue and screen follow that location.

Full experience without sign-up — book, follow the ticket, check status by phone, receive prescription links. Soft launch beside phone serial; no big-bang day required.

COMPARISON

HOW CHAMBERQ COMPARES

ChamberQ vs tools doctors often hear about — **eDoctorBD**, **ProtonEMR**, **RxSWBD**, **Bissoy**. ✓ yes · ✗ no · **Part.** partial

INVESTMENT

MAESTRO FOR YOUR CHAMBER

THIS PROPOSAL · MAESTRO

MAESTRO

One doctor · up to 5 chambers · outdoor TV

₹3,000/month

One-time setup ₹15,000

- Done-with-you setup — chambers, sittings, site, TV links, login
- Portfolio website, live queue, consult screen, digital Rx
- Walkthrough of a real queue-and-consult day
- New features roll out automatically — no per-feature fees

SMS confirmations are optional (prepaid wallet; empty wallet skips SMS — booking still succeeds). We bill directly (bKash / bank).

CLOSING

WHENEVER YOU ARE READY

HOW WE GO LIVE

1. You pick which chambers and sittings start first
2. We build your site, schedules, TV links, and login — plus short training
3. Soft launch beside your current phone serial — no big-bang day

RECOMMENDED NEXT STEP

1. Message me on WhatsApp: **01818-614349**
2. We walk **your** flow live: book → TV → call → consult → send Rx
3. We lock the first sittings and hand you a simple go-live checklist

With respect,

Joy Chowdhury
